Nicholas Mathew,
UI/UX Designer

Work Experience

Aranmula Kannadi Website Redesign UI & UX

JULY 2025

- Designed an informational website showcasing the heritage craft of Aranmula Kannadi, explaining its unique metal-mirror properties and traditional manufacturing process.
- Translated complex craftsmanship into an intuitive 8-step visual storytelling flow for better user understanding.
- Focused on cultural preservation, clear information architecture, and an engaging digital experience.

InnSight- Hotel Management App UI & UX

AUG 2025

- Designed a centralized hotel management application to streamline daily operations across departments such as housekeeping, maintenance, and front desk management.
- Translated complex back-of-house workflows into an intuitive digital system, enabling real-time resource tracking, employee coordination, and faster operational decision-making.
- Focused on improving cross-department communication, task visibility, and service efficiency to enhance both staff productivity and overall guest experience.

Spiderline Technologies Graphic internship

MAR 2026

- Developed three logo concepts incorporating the brand tagline, “Intelligent Ideas. Digital Excellence.”
- Designed corporate stationery, including double-sided visiting cards, letterheads, and envelopes.
- Created branded merchandise concepts, including T-shirt designs.
- Created three social media posters for Instagram and Facebook, maintaining visual consistency with the brand identity.
